

European Steering Committee guiding questions of the third consultation phase of the Structured Dialogue

The Council Resolution of 27th of November 2009 established that youth employment should be the overall thematic priority for European cooperation in the youth field for the period 1 January 2010-30 June 2011. During these 18 months, this topic is being discussed in the framework of the structured dialogue

The third round of national consultation in the frame of the Structured Dialogue is building on the results achieved during the Spanish and the Belgian Presidency. After the identification of priority challenges relevant for youth employment at the Spanish EU Youth Conference in Jerez, the Belgian EU Youth Conference in Leuven allowed to define joint policy recommendations to address them.

The third phase of the Structured Dialogue aims at turning these results into a political outcome, based on a new round of National Consultations and during the Hungarian EU Youth Conference in Budapest.

Therefore, the European Steering Committee of the Structured Dialogue now invites the National Working Groups to implement the third phase of national consultations and to present their outcomes in the report form provided by the 4th of February 2011. The following guiding questions should lead their reflections:

I) Among the 40 joint recommendations identified by young people and decision-makers in Leuven, please select the 10 recommendations that are the most important for you to address the issue of youth employment.

- 1) ...
- 2) ...
- 3) ...

II) How would you like to see the 10 recommendations implemented? Please suggest concrete action(s), mechanism(s) or good practice(s) to be taken at European level under each prioritised recommendation?

1) Recommendation:

Proposed action(s):

- 2) ...
- 3) ...

III) How can young people and their communities contribute to the implementation of these recommendations and improve their situation and the situation of their peers? Please also identify best practices.

During the consultation, respondents should focus not only on their own situation but also on the situation of their communities, such as NGOs, movements, associations, informal groups, student self-governments, youth councils and/or all formations in the society where young people may belong to.

Please note that the trio presidency intends to publish the results, best practices and methodological summary.
